

## Money Management Suggestions for New Representatives

Avon's goal is for you to earn as much money as possible to reach your dreams and goals. As you begin your Avon business, you will establish credit, just like in any other business. With Avon, you will have a credit limit based on the information you provided when you were appointed as an Avon Representative. Your preliminary credit limit is communicated to you by the person who appointed you. When you register and log on to yourAVON.com, you will see your initial credit limit as authorized by Avon.

### Taking orders and requesting a deposit from your Customers:

- Based on the size of your order and credit limit, you may want to ask your Customers to pay when they place their orders.

Here is a suggestion of what you can say to your Customers:

*"I am starting my own Avon business. To get my business established, I need to pay Avon when I place my order. To do that, I'm asking you to pay for your order now or make a deposit of at least 60%."*

- Be consistent in following up with your Customers. For example, establish a regular time to call Customers each campaign.

### Delivering orders to your Customers:

- Call and confirm the date and time of delivery and the amount due.
- Always keep **Avon** money separate from **personal** money.
- If you choose to accept credit card payments from your Customers, follow the instructions on the credit card form.
- If you choose to accept checks as a form of payment from your Customers, they must be made out to you. Avon does not accept personal checks from Customers.

### Making payments to Avon:

Payments **MUST** be made prior to submitting your next order. Acceptable forms of payment include:

- Prepaid Credit Card
- Credit Card: MasterCard, Visa, Discover
- Visa/MasterCard Debit or Check Card
- It is not recommended to mail your payments. They have been known to take too long to be received and posted to your account. Please use the above suggested methods of paying your Avon bill.

**By submitting and paying for your orders on time each campaign, you will strengthen your credit with Avon and be on your way to building a successful business.**

## Estimated Earnings/Payment Worksheet
